Find Company News

If you want to find out the latest news on a company or if it's a smaller company you are interested in, NEXIS UK can provide you with valuable information in the form of newspaper articles, press releases and company profiles.

Step 1: Select the News tab and type your company news into the search box.

Step 2: Depending on your search needs add another keyword to refine your search e.g. hiring, vacancy, expansion, merger, marketing etc.
Step 3: Limit your dates and also news sources by using the drop down menus e.g. previous 6 months and Irish Publications

Step 4: From the results list click on a link to read an article
Step 5: You can refine your search by using the filters on the side. You can narrow by publication type, company, industry and geography.

Having this information to hand will help you find information on a company e.g. Are they growing? Is it financially stable? What are its main competitors or challenges?

In an interview it will show your potential employer that you aware of the latest company news and also the current state of the industry landscape.
